01 HOW TO RUN IT

35–45 MIN

Describe, write, perform.

1 • DESCRIBE & GUESS

15 MIN • PAIRS

Print page 2 per pair, cut and place the cards face down. Students take turns: draw a card and describe the slang word **without saying it**. The short definition is only a memory aid for the describer. The partner guesses; correct guesses stay on the table.

2 • WRITE

10–15 MIN • PAIRS

Pairs write a short conversation using **at least 8 slang words** from the cards. More is a bonus. Suggest a setting: a party, a group chat, a first date, a family dinner with an **unc**. Each slang word must be used naturally, not just listed.

3 • PERFORM

10–15 MIN • WHOLE CLASS

Pairs act out their conversation in front of the class. Listeners count the slang words they hear and ask about any use that sounded off. Vote for the conversation that **ate**.

Teacher note: **body count** and **GYAT** have a sexual undertone. With younger groups, take them out of the deck before handing it out.

02 FOLLOW-UP ACTIVITIES

OPTIONAL • PICK ONE

A Czech equivalents

10 MIN • GROUPS OF 3

Is there a Czech slang word for **ick**, **rizz**, **delulu** or **cooked**? Groups find equivalents for as many cards as they can and mark the ones that simply can't be translated. Discuss: why do some English slang words get borrowed into Czech unchanged?

B Is it still cool?

10 MIN • WHOLE CLASS

Make three columns on the board: *I use it* · *I know it* · *unc vibes*. Students place each card in a column. Which words are already dated? How fast does slang age, and who decides when a word is no longer peak?
